Information about Pharmacy Billing & Dispensing and Medication Administration

Dispensing medication is a very exacting task with virtually no room for error. It requires a high degree of concentration and an unrushed work environment. In order for this system to work, we require your support and timely cooperation. In order to ensure the safety of all of our campers, we have established safe, standardized medication dispensing and administration procedures and timelines.

CANADIAN CAMPERS:

Please mail the pharmacy the prescriptions for any medication that your camper will be taking while they are at camp. All regularly scheduled solid (not liquid) medications, vitamins and supplements will be uniformly blister-packaged and labelled by our pharmacy **prior to the camper's arrival at camp**. *Liquid medication is not repackaged. You may send liquids and inhalers with your child to camp.* Any medication not used at camp will be sent home with the camper. If your camper will be taking any medication, supplements, or vitamins at camp, **please register your camper with the pharmacy at least one month prior to the date your camper will be arriving at camp. Registration will require the following to be sent to Lane's Pharmacy:**

1. Prescriptions for all medications requiring prescriptions (*enough for the entire duration of camp*)
2. Completed **Pharmacy Billing/Dispensing Form** (Page 1)

*Do not send prescriptions with 'refills' that extend past the camp period

Dispensing Fee:

The dispensing fee per prescription is **\$11.99**. It is not applied to non-prescription products, such as vitamins and nutritional supplements, which are supplied at retail price.

Packaging Fees (per camper, not per prescription):	\$30.00 for up to 4 weeks
	\$35.00 for up to 7 weeks

The packaging fee will be charged when billing information and prescriptions are received

Late Fee:

If you have not contacted the pharmacy at least one month before your camper arrives at camp, a late fee of **\$50.00** will be applied. Please call the pharmacy if you are having trouble registering on time.

NON-CANADIAN CAMPERS:

Please bring/send all of your camper's medication to camp on your camper's first day. Ensure that all prescription medication is still in its original packaging from your pharmacy, with the original label (in English) still attached. Place all of the prescription and non-prescription medications in a zipped bag that is clearly labelled with your camper's name on the outside. Pack this bag of medication in your camper's knapsack/carry-on bag so that it is easy for their counsellors to locate when they get to camp.

Handling Fee (for medication supplied by you): **\$8.00** per medication (does not apply to liquids and inhalers)

The handling fee is applicable to medications not supplied by our pharmacy, including specialty supplements, products not for sale in Canada, and prescription medications supplied by you. Please send each product or medication in its original packaging.

Packaging Fees (per camper, not per prescription):	\$30.00 for up to 4 weeks
	\$35.00 for up to 7 weeks

The packaging fee will be charged when billing information and prescriptions are received

If you have any questions regarding medication, contact Kate at the pharmacy.
